Autodesk AutoCAD mobile apps: Source: Autodesk (2019) AutoCAD has been available as a Windows and macOS desktop app since 1989. The application was originally for professional architects, civil engineers, mechanical engineers, and landscape architects, but over the years the program has also gained widespread use in other industries, including commercial construction, engineering, and architecture. The AutoCAD user interface is similar to the ones used in many other CAD programs, including Solidworks, Inventor, and MicroStation. In AutoCAD, the main window is divided into toolbars, menus, and workspace. There are many ways to customize the interface, including the appearance of the toolbars and menus, placement of menus, and the appearance of task panes, cursors, and cursors. Starting in the 2000s, other companies introduced their own entry-level AutoCAD alternatives, including FreeCAD and LayOut. Most of these free alternatives are designed to run on laptops or on mobile devices such as smartphones. This page contains the full list of features supported in AutoCAD since v1.0.0.The parents of a 3-year-old boy with a brain tumour who sparked a global fundraising drive claim that in the past six months his condition has deteriorated dramatically. Evan Sinclair, from Hamilton in New Zealand, is battling a rare, fast-growing brain tumour called medulloblastoma, which affects around five in every million children. At the age of just three, Evan was diagnosed with the cancer in May this year and since then his parents have been battling a battle for survival. To keep Evan's spirits up, his family decided to start a group on social media called Evan's Cure, which aims to raise £300,000 for research in the field of paediatric oncology. Now Evan's parents have posted a touching message on the group's Facebook page, where they said that his health has deteriorated and that they have been taking away his chemotherapy. The message reads: "Hi, I'm Evan's mum. Evan is a very precious 3 year old little boy. "He was diagnosed with medulloblastoma in May and is receiving his chemotherapy at present. "It's been a very tough time for the family as Evan has been hit very hard, but he is still fighting. "Evan's survival is in
