Users Version 7.0.0.6 Performance User Comments and Reviews Top comments about Universal Viewer Pro v7.0.0.6 application Antonio Baitinger May 03, 2015, 5:17 Good performance and simplicity. Works as advertised. Can you install more than one Universal Viewer Pro in parallel, so two people can work on the same files without getting into "overlapping" mode? I. L. Mar 22, 2015, 17:48 Its a good software, its very fast and easy to use. It was very simple to use. It is good to have a lot of output options. Robert Fisher Mar 01, 2015, 14:31 I downloaded and tried this software from the user's website. The installed version seems to be older than the advertised version. Could you please tell me which software is the current version? I. L. Feb 24, 2015, 14:11 I downloaded and tried this software from the user's website. The installed version seems to be older than the advertised version. Could you please tell me which software is the current version? Ivan Gri Feb 22, 2015, 8:18 Excellent software, but it lacks the capability to view raw HTML source code. It is possible to convert HTML source code to PDF or another format, but it is much slower than expected, compared with other software which can do it directly. Maybe they have something to add in the future. Anubhuti Makhijani Feb 05, 2015, 16:10 good software! i like the interface and the support. great product! i hope they can continue with it. Overall, Universal Viewer Pro is easy to use. However, the help file could be more detailed. Also
