Based on the teachings of His Holiness the Dalai Lama, Buddhism for Beginners is accessible, accessible and above all, easy to understand. As one of the world's most prominent Buddhist teachers, His Holiness is clearly an expert on Buddhism and Buddhism's principal methods - meditation, ethics and philosophy. This is why he wrote this book. In it he hopes to share with us his understanding of how to put these teachings into practice, and his own insights into this quintessential path to happiness. The first part of this book explains many aspects of Buddhism, including its origin and development and how it relates to other religions. This is a book about modern ideas and practices and His Holiness

highlights the key differences between Buddhism and other religions and the features that make Buddhism a worthwhile pursuit. Reviews
