Features Key:

Dive into a Unique Fantasy Adventure. Challenge yourself, explore a vast world, meet new characters, and fight fearlessly in a saga of adventure, drama, and mystery.
Craft new Equipment. As with real-life jewelry, each weapon, armor, and accessory has its own attributes, and unique items can be combined in a variety of ways. Craft weapons and armor using the different ingredients and materials you find in the world. Once the tools are complete, feel the impact of the power and meaning of the crafting in-game.
Possess Items Equip or invest personal items, such as armor, weapons, and accessories, that can affect your stats.
Develop your Character Body statistics and personality traits affect your battle performance. Customize the appearance of your character so you can strike fear in your enemies and leave your mark in battle. As you progress in the game, your character's development will advance in line with your advance, as the real-world does.
Unique Online Play. Directly connect with other players and travel together. You will begin a cyberspace dialogue with new characters at the beginning of the game. While not all characters will partake in the game, all characters you meet can affect your battle performance when you ultimately find them in battle or in other functions.
Crafting Skills. Craft new weapons and armor from ingredients and materials. As with real-life jewelry, weapons and armor generally have their own attributes. The combination of weapons, armor, and accessories give the weapon its power.
