Ponderosa Steakhouse YouTube Perfect Steakhouse Great, big, juicy, tender, and the crumbly top cracker really adds an extra savory touch to the mixture. I served this to my parents and they really enjoyed it. It's definitely a keeper! Big thumps up on the recipe. I saw this comment on another site and thought it was great so I had to steal it. Just as I'd had success with my last meatloaf, and as many other Web sites have, I received a great idea from another Web site that really makes this recipe a keeper. Instead of using the Velveeta on top of the loaf, I took a plastic sandwich bag and cut a small hole in one corner and lightly drizzled the desired amount of Velveeta inside the bag before spooning the meatloaf mixture in. Then, I folded the corner of the bag over the meatloaf and the Velveeta dripped inside the bag as I spooned the meatloaf mixture into the bag and into the bread bowl. This was even better than the first time I used the plastic bag because the inside of the bag was kept soft and pliable to make it much easier to work with. The second time I did this, I even had it nearly like a cracker crumbly sandwich, to get the best crumble on the loaf! And the best thing of all is that the loaf came out of the oven looking like it was made from scratch with fresh, hot, ready-to-eat loaf of homemade bread. Try this recipe out and you might just be using plastic bags like me too. It's definitely a keeper! To make this dish extra special, throw in a couple slices of French or Italian bread toasted and buttered. Sprinkle with a bit of sour cream if you like and you're all set. It's the best meatloaf I've ever made. Thanks for the inspiration! Why Order Ponderosa Steakhouse Hamburgers? Ponderosa has been serving the Ponderosa steakhouse hamburger since they opened in
